

Matrix Joins Hands with HR and Payroll Software Specialist, Greytip as Technology Partner

Matrix, leading manufacturer of enterprise-grade Telecom and Security solutions, announced a tie-up with Greytip Software Pvt. Ltd, India's foremost cloud Payroll and HR software company. This partnership will enable organizations to seamlessly integrate their attendance capturing and payroll processing functions.

Matrix brings extensive experience and varied devices to capture employee attendance. These include capturing attendance using biometric and RFID Cards. This information can now be processed easily and without manual intervention within the greytHR application (from Greytip) for processing accurate payroll and generating required statutory compliance reports.

Speaking on the subject, Jatin Desai, Marketing Manager Access Control and Time-Attendance Solutions, Matrix, "This interoperability will provide a comprehensive integrated solution to the end customers for both Time-Attendance and payroll without any technical glitches. Furthermore, system integrators can suggest both solutions to end customers without worrying about the integration part."

Girish Rowjee, CEO of Greytip said, "We are excited to partner with Matrix as this will enable our mutual clients to have a consolidated view of their attendance, HR and payroll information. Clients will no longer need to worry about integration hassles and will get real-time access to their attendance information within the greytHR web and mobile applications."
