Feature
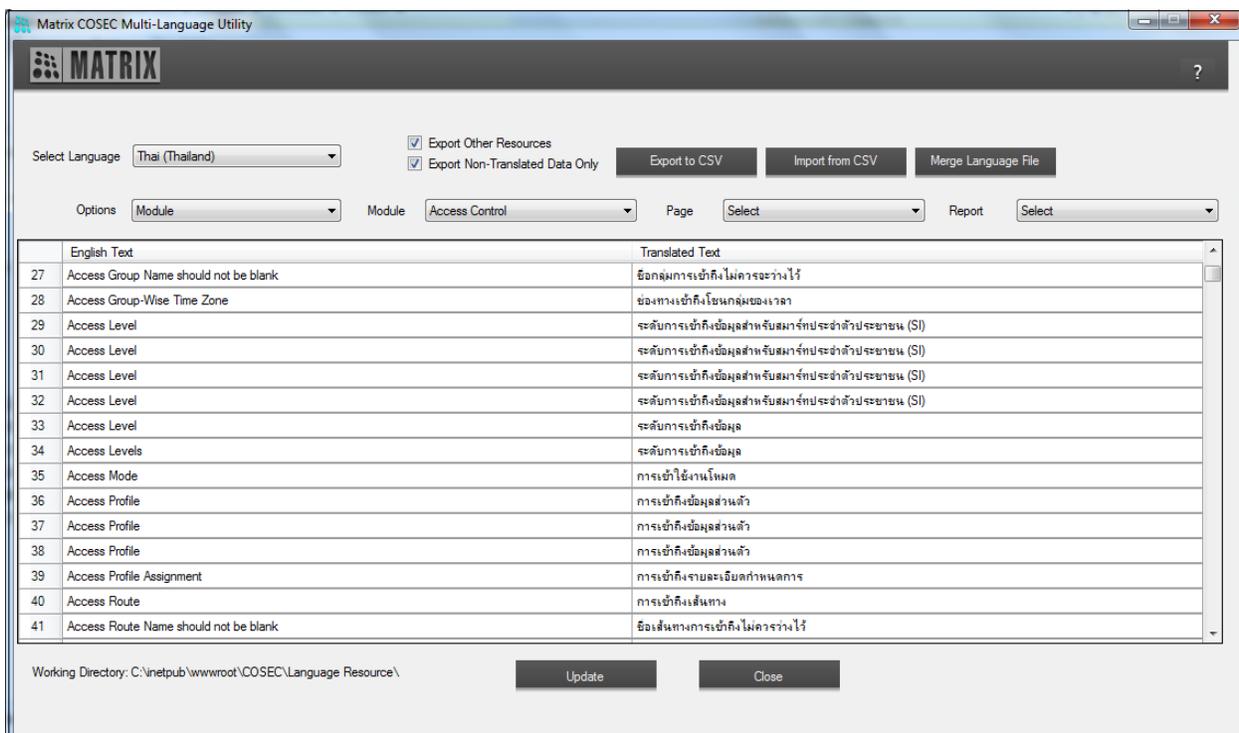

Multi-language Utility

About the feature

Matrix COSEC offers flexible utility to translate the language of entire GUI, input and output data of the COSEC Software. It facilitates user to translate English (US) language to any other language.

How it works

The user can choose to either enter translated text in the utility itself or use export and import feature into CSV format for updating data in bulk. The utility is part of COSEC setup only.

The user has to enter the translation of respective list of keywords mentioned in the standard file and which is to be uploaded then. Database file of keywords translated in any language other than English (US) can also directly be imported into the COSEC software.

Benefits

- Flexibility of Translating the Software into any Language
- Ease of Translation through Direct Data Upload or Import
- Work with User Interface in any Language
- Enter Data in Language you Use
- Generate Reports in any Language

About Matrix

Established in 1991, Matrix is a leader in Telecom and Security solutions for modern businesses and enterprises.
